

Mockups activation guidelines

- The clickable mockups are created with invision studio app.
- On the invision studio app please click file then open then choose the file and click open .
- There are 2 pages (2 mockups) : **light mode** (which contains light mode and dark mode for student integrated) and **Prof** ,and there is page called dark mode this is for dark mode only so please do not test from it.
- Please run each of them from their invision home pages which are as follows :-
 - +To run student (light mode) please start it from artboard “Login”.
 - +To run professor please start it from artboard “Login”.
- Once you are on the right start page for the mockup press preview.
- After the preview opens there is a Fit button on the upper right corner please choose from the dropdown menu “Fit – Scale Down to Fit”.

OR You can run it as published to invision using the links :-

+Prof :-

<https://gucportal.invisionapp.com/prototype/ckabeljyz003ao101gulo4pc9/play>

+Student :-

<https://gucportal.invisionapp.com/prototype/ckabh27r4003u4o01pilujsrx/play>

Hope you enjoy our edited mockups 😊

Edited points :-

- Added Contact information.
- Added Notifications Panel.
- Edited Snackbars colors and places.
- Doctor can set a reply deadline for student.
- changed 'Log' word with a more meaningful word 'Services'.
- Added a button in the student profile to access their thesis faster in Professor portal .
- Changed the font of the site.
- Removed some extra useless words in the drop-down menu.
- Organized the back-ground image in eye relieving way.
- Removed the welcome ellipse in the home page.
- Removed that half university image in a lot of pages.
